NORTHCREST NEIGHBOURHOOD

A PLACE FOR EVERYONE

Northcrest is distinguished by its enviable proximity to the Territory's major areas – Darwin, Palmerston and Casuarina. Delivering all aspects of modern living, from parks to future shopping and dining, to esteemed educational institutes located within walking distance. Northcrest, eventually connected by an array of public transport options, is quickly becoming a lifestyle seekers' destination suburb.

STAGE 1 - SOLIS - TITLED LOTS AVAILABLE NOW

LOT PRICES BEGIN FROM \$225,000 AT 405SQM

Northcrest will see a progressive release of land over the next 12 years including 2000 lots for housing options and a further 40 sites available for medium density development. The project will provide a major economic stimulus to Darwin and the Top End, creating up to 3200 local employment opportunities over the life of the project and becoming home to up to 7500 Territorians.

"As a master planned community, in the heart of Darwin, this development will cater to a modern lifestyle, including a school, an exciting retail precinct, plenty of parklands and open space and ultimately places to work."

About Homes NT is proud to be part of the Display Village at Northcrest, with a brand new Display home opening in January 2019.

Since 2012, owners George and Katerina, have built a reputation for taking an innovative and client focused approach to building Darwin homes. Now a trusted and established local Territory builder, About Homes NT is recognised for quality design and construction, efficient and clear processes, outstanding value for money, and building strong client relationships.

The homes we build today reflect the skills and craftsmanship of our team as well as the ideas, and lessons learnt from the hundreds of Territorians who have lived in one of our homes.

“

Our experience working with George and Katerina was wonderful. They clearly understood the pressure and anxiety that first home builders have and were there to support, answer all questions and provide guidance. The quality of their finishes is exceptional and i would not hesitate to refer or build with them again
